Tickets also available online at www.heart.org/FirstCoastHeartBall

Pulse is about prevention. We want you to gather your friends and coworkers to educate and inspire them to change the health of this generation and the generation following behind us. Let's make it so that our children will not fight the same battles our parents will struggle with. Let's help the American Heart Association by raising funds to stay strong, be steady, and grow powerful in the fight to eliminate deaths from cardiovascular diseases and stroke.
